March/April 2019 was truly challenging as Pastor James one of our co-laborers wife's condition was getting out of hand with your prayers and support they are now processing their documents to travel to India to obtain medical assistance

LODU CEACER:

In one of our mission visits in refugee camps we came across Lodu both parents of Lodu are saved and walking with the Lord. Lets pray for the parents so that they can obtain favor from the Lord and get some food as life is challenging.

J.MISSION AND PREACHING POINTS

We have several preaching point which has average attendance of 43-59 in various places, most of these need land, construction of churches, and equipment with Sunday school materials, training more men for outreach pray with us as the ministry daily is growing strong and we desperately need laborers, pray the Lord of harvest sends forth laborers.

We continue to have desperate need for Bible college books and materials as in Northern only we have over 26 students as we prepare to start another semester soon pray for wisdom to train these laborers

We desperately ask your prayers for brother eric as he continues to head this ministry

Br. ERIC Dedicated children some years during his time of visiting the mission field

The growth rate of ministry has doubled truly that is why we pray for more resources and laborers.

LAMBERT GEORGE

Please continue to pray for Br.George as he continues to handle number of ministry responsibilities, pray for wisdom for him in all.

Finally we say God bless you for making this month unique and appreciative.

Your brother

George
