## The Porterfields to South Sudan Prayer Letter January/February 2020 Update

Dear friends & supporting churches,

What a great comfort it is to know that our Lord is in control even during this difficult time our nation is experiencing. Although we don't understand everything taking place, we do believe that God is going to use this greatly for His glory. One great blessing our family has personally experienced since the crisis began is hearing our 5-year old witness to her little brother. While he is still a little young to fully comprehend the Gospel, it was sweet to see the tenderness and willingness of his big sister to share what Christ has done for her.

Our ministry in Northern Uganda has recently seen great victory in regards to property ownership even amidst local people trying to hurt the work there. We are looking to get the land title secured for \$1,500-\$2,000 on one of our main properties which will be a tremendous asset. There is also a roof that blew off one of our churches that will cost around \$1,000-\$1,500 to replace. We would greatly appreciate your prayer for both of these needs.

We are hoping after the virus passes to reopen our Bible Institute. Due to COVID-19 hitting the African nations, our brothers and sisters in Uganda have been fasting and praying. Thankfully, the malaria medicine our president believes can counter the virus is readily available in that part of the world.

Venezuela continues to see the Gospel move forward in spite of hardships on all fronts. Pastor Carlos Ramos has a goal for his ministry to plant 4 new churches this year. We will keep you updated on this endeavor.

We need your support and prayers now more than ever. Our main prayer request is for you, our friends and supporting churches, as everyone deals with this invisible enemy in our nation and in our world. We love you more than ever and appreciate your sacrifice to help our ministry.

In Christ,

**The Porterfield Family**
