ASSIST- BFM(SUPPORTING PASTORS)

Blind faith ministry through its leadership has been able to support the following pastors:

- **LAMBERT GEORGE**
- **TABAN JAMES**
- **MOGA PETER**
- **WOJO ALFRED**
- **DUMO NELSON**
- **WAN SCOFAS**
- **LOMORO**

This could be one reason the ministry has done so well, ASSIST Programme has done so well since its inception by Dr.Eric and brethren have continued to do well as it gives them time to serve God, and acts as motivation, more its effective and less costly to maintain more nationals than foreign missionary simple because life style and demand differ , more immunity to some tropical sickness and many more becomes a challenge to many though they have the heart to serve and their service is a real sacrifice

We request if God would enable more funding for national pastors and whole ministry

Reaching congo

For christ

Family of eric porterfield

This is to glorify the name of the Lord for His abundant love, care, and provision as well as protection in the year 2021.

Amidst the pandemic of corona virus and civil war between the government and rebels in our Country, God remain faithful to us though some people died and others were displaced.

Blind Faith Ministry, as ministry has been able to support the work of God throughout this year.

we were able to reach thousands of people with gospel and many souls to the Lord in which it is detailed below.

Praises:

.Land title

ministry

.Ministry is

to the team that a lot of **trainings and seminars** took place. For instance;- women trainings which happened in the Eastern Cluster, Church planters' training in both Northern and Eastern Clusters, Key Church leaders and children leaders' training.

Also, a lot of activities done in spreading the word of God that is; - evangelism, Jesus films show discipleship of active Christians in knowing the word to take over evangelism. Due to covid-19, door to door evangelism worked well. People who used not listen to the word of God, got access to the word. As a result, newly converted Christians were baptized, children were dedicated to God.

Challenges

Though there's progress in the ministry, there are still challenges which need continuous prayers for DR. Congo;-

for DR. Congo;-

- Insecurity is still a threat for us in DR. Congo
- Some of the Pastors and Christians are spiritually weak
- Continuous prayer for Church revival
- Health related sicknesses still a challenge
- Pray for the Ministry with Pygmies in Ituri forest
- Pr. Jakisa is recovering now well.
