Dear friend,

From time to time the Lord allows our paths to cross with someone who is a vivid demonstration of the grace of God. Eric Porterfield is one of those people. I have witnessed the change that Christ has made in him and the difference that Eric is now making in the world.

Brother Eric is a Spirit filled preacher and a man who walks with God. His work in South Sudan and in other difficult places has brought much fruit. It is a great pleasure to recommend my friend to you. He and his beautiful family are worthy of support and prayer. God is using them.

Eric is blind but has a vision beyond what most men have for the lost of this world. He will refresh and encourage your people. I hope that you will prayerfully consider partnering with him in the work of world evangelism.

Yours in Christ,
